Package ‘bladderbatch’

February 1, 2017

Title  Bladder gene expression data illustrating batch effects

Version  1.12.0

Author  Jeffrey T. Leek <jleek@jhsph.edu>

Description  This package contains microarray gene expression data on 57 bladder samples from 5 batches. The data are used as an illustrative example for the sva package.

Maintainer  Jeffrey T. Leek <jleek@jhsph.edu>

bladderEset  Bladder Gene Expression Data Illustrating Batch Effects

Description

This is an expression set consisting of 57 samples drawn from a study of bladder cancer. The samples were collected on different dates which have been used to define 5 batches. These data are used as an example in the sva package vignette.

Usage

bladderEset
